Discovery Art Fair Frankfurt – fair for contemporary art

The third edition of the Discovery Art Fair Frankfurt takes place from October 29th to November 1st, 2020 in the Forum on the Frankfurt fair grounds.

The one and only art fair of the financial metropolis is positioning itself as an innovative presentation and sales platform for fresh, contemporary art. The focus lies on works by artists who are (still) selling in a moderate price segment.

Two more of our fairs for contemporary art are already well-established: The Berliner Liste, which was launched sixteen years ago, and the, for seven years existing, Discovery Art Fair Cologne.

Art enthusiasts from all over the world visit each fair event to inform themselves about the current developments in contemporary art and to purchase works that have just been created in the studios around the world.

According to the motto “good art does not have to be expensive!” we are expecting more than 100 exhibitors and thousands of potential customers to attend in the third - now enhanced - edition of the **Discovery Art Fair Frankfurt**.

The fair is held annually on the first weekend of November and has already established itself as a fixed date in the art calendars.

Location for the **Discovery Art Fair** will be again the Forum on the centrally located and easily accessible fair ground in Frankfurt. The elegant, elliptical glass building with a modern ambience and light flooded exhibition halls provides the ideal setting for presenting contemporary art on 8,000 square meters.

Visitors

The **Discovery Art Fair** is for everybody and anybody interested in art: from visitors looking for the latest trends in art, passionate collectors investing in promising contemporary art and professional collectors who buy for museums, trusts and societies. Particularly sought out are young artists with innovative work at reasonable prices by visitors wishing to lay a foundation for their art collection.

The magic of owning a true original attracts art lovers with above-average qualifications to this fair. Buyers are for example doctors, lawyers, architects, real estate agents and everyone, who enjoys art. Further visitors include culture representatives from art societies and museums, as well as freelance curators and critics on the search for new trends and discoveries on the art market.

Our goal is to bring young, fresh art into established collections, museums and private households and to open additional new groups of buyers.

„The Discovery Art Fair, currently with two locations in Cologne and Frankfurt am Main, is one of the largest and most successful art fairs for young and emerging art in the German-speaking world.“

PARNASS Kunstmagazin Up&Coming

„Exactly the right setting to discover your new favourite artwork at a (still) moderate price.“

We offer all galleries, project spaces and artists, who compete with a demanding program, the chance to present themselves to the audience in Frankfurt in a high-quality setting. The applications will be assessed by our curators for their quality. Factors such as weekly opening hours or year of foundation are not relevant for admission.

Curating

Curator remains the renowned art journalist and Rhineland-born Dr. Peter Funken, who brings with him to Frankfurt influences and tendencies of the dynamic Berlin art scene. His goal is to stage high-quality art at the Discovery Art Fair - the fair will be an experience and set new trends in Frankfurt as a location for art.

Berlin based photographer Stefan Maria Rother, head of Media Photography at the School of Entertainment and Technology and lecturer in photography at the Kunsthochschule Berlin Weißensee, is in charge of the Photography Section.

The Venetian-born Barbara Fragogna has been a member of the curatorial team of the Discovery Art Fair since 2019. The interdisciplinary artist, editor of an art publishing house and former curator of the Arthouse Tacheles Berlin directs the Fusion Art Gallery in Turin.

„Congratulations to the Frankfurt metropolis - it was worth the wait for this art fair!“

kunst-mag

„We are very positively surprised by the level of art, including the exhibiting individual artists and the well-known co-exhibiting galleries.“
