Discovery Art Fair Cologne Fair for contemporary art

The seventh Discovery Art Fair will be held at XPOST Cologne from April 15 - 18, 2021.

The only spring art fair in the Rhineland will be promoted as a forum for fresh, contemporary art with a **spotlight on emerging**, promising artists whose works are still in a reasonable price range.

The **Discovery Art Fair** presents a carefully curated selection of galleries, project groups and artists. High quality, authenticity and accessible prices distinguish the exhibitors, true

to the motto „quality can be affordable“. For the seventh year of the fair we expect 100 exhibitors. As the venue for this edition of the ever growing Discovery Art Fair, the **XPOST hall in Cologne downtown** was once again chosen. The former post office building, dating back to 1895, features an impressive fusion of industrial charm, historical structures and modern, minimalist elements, thus providing the ideal setting for showcasing a whole variety of contemporary artworks on 4,000 square meters.

„If the fair did not already exist, then it would have to be invented.“ **kunst:art**

„Discovery Art Fair is an art rocket compared to the old Art Cologne.“ **Magazin Kölleformia**

Visitors

The **Discovery Art Fair** is aimed at all those interested in art: from visitors who learn about current trends in art, passionate collectors investing in promising contemporary art to professional collectors who buy for museums, trusts and societies. Particularly young art beginners are addressed who want to acquire exciting works at reasonable prices and thus lay the foundation for their collection.

The desire for an original is in vogue and attracts art lovers with above-average education and income to the fair, including physicians, lawyers, architects, real estate agents and anyone who enjoys art. Other target groups include cultural industry representatives, independent curators and critics who are on the lookout for new trends and discoveries on the art market.

Our goal is to bring young, fresh art into established collections, museums and private households and to open up additional new groups of collectors.

„Experienced collectors as well as beginners will discover new names here.“

Zeitkunst

„The [...] is one of the most successful new exhibitions in the city of art on the Rhine. More fair than show, sales happen like crazy. Young audience, many gallerists, self-confident artists.“

Süddeutsche Zeitung

We offer all galleries, project spaces and artists, who compete with a demanding program, the chance to present themselves to the audience in a high-quality setting. The applications will be assessed by our curators for their quality. Factors such as weekly opening hours or year of foundation are not relevant for admission.

Curating

The renowned art journalist and Rhineland-born curator Dr. Peter Funken brings a piece of the dynamic Berlin art scene to Cologne. His goal is to stage high-quality art at the **Discovery Art Fair** – the fair will be an experience and set new trends in Cologne as a location for art.

Berlin based photographer Stefan Maria Rother, head of Media Photography at the School of Entertainment and Technology and lecturer in photography at the Kunsthochschule Berlin Weißensee.

Born in Venice, Barbara Fragona is an interdisciplinary artist, publisher of an art magazine and, as former curator of the Kunsthaus Tacheles, today heads the Fusion Art Gallery in Turin. Since 2019 she completes the curatorial team of Discovery Art Fair.

The online application is free of charge.

„This is not about naming or branded item of art, but primarily about artistic positions apart from the mainstream.“

KUNSTFORUM INTERNATIONAL

„...there he is again, the spirit, [...] this art that enchants and captivates people ...“
